

Home Based Biz, Import, Profitable, Proven!

*Cash Surplus for FY17 was \$ 232,723 and FY18 \$ 233,733.

This home based, 14 y/o, e-commerce business sells a category of imported electronic products under its own well developed & trademarked brand, as well as several other's brands of related products. The company markets these products online in Europe, NZ & Australia.

The business' online sales use automated order processing & outsourced logistics to allow the business to be operated profitably and easily. This business can be run by home-based owners from anywhere with an internet connection.

The international markets offer great diversification & greatly reduce commercial risk for the new owner. The business model is tried, tested & proven & has allowed this business to grow 300% since 2010. It offers the new owner numerous growth opportunities as outlined by the Vendor in the IM. This business is wonderfully scalable; it can easily accommodate new products & product categories & could also very easily be expanded to sell existing & new products into many more countries.
