2 Locations, Profitable, Rewarding Dog Day Care

With 2 prime locations featuring purpose-built fit-outs, in popular Auckland suburbs, this stunning dog day care business offers an elite level of service and facilities to a wide range of clientele.

The business began 9 years ago and in more recent times has grown to a point where a second location was required to cater for the many lovely dogs that visit each day.

The owner is relatively hands-off and tells us the operation is mostly fully managed. She looks after the administration from home and works on-site cover where needed, which allows for a great deal of flexibility.

The business is well recognised and has prominent signage and exposure. They have won awards for excellence in their field and have many long-term loyal customers.

When I visited the sites, I felt there was a real point of difference with this business; the staff are genuine, friendly and offer a high level of customer service. The environment is enriching, the dogs have plenty of space and are exceptionally well cared for.
