LINE MARKING ENORMOUS POTENTIAL

Line Marking Biz – Enormous Potential

***Cash Surplus 31.03.23 – \$115,000.**

This successful Line Marking business offers an in-demand service to property owners, building managers and business owners. It is currently operated PART TIME by the hands-on working owner from his HOME OFFICE.

Here is your chance to substantially grow the sales and profits of an already successful business. There are already regular repeat customers and prospective new customers are quite literally, everywhere you look!

Quality Line Marking not only increases the value and appearance of properties, but is a must-have requirement for operations such as storage facilities, shopping centres, body corporates, commercial & industrial properties, sports clubs, schools and more.

If you are hands-on, practical and can bring a sales and marketing attitude, you will grow your income to levels higher than the current owner, who has been comfortable operating at the present level.

The vendor is ready to retire, therefore a great opportunity
