

## Premier Construction Firm- \$21.8M Pipeline / Sales

This business is on the market for the first time in 30 years, having built an outstanding reputation with a crew of 22, including a highly experienced Sales Executive and some of the industry's top residential builders. The team combines depth of experience, technical expertise, and a strong commitment to service. While this business is not fully managed, each build is independently run, allowing the owners the flexibility to regularly travel overseas.

Located in Auckland, the vendors are looking to retire and motivated to find the right person to continue building the business. This ensures ample support will be provided during the transition phase.

This business would be an ideal fit for a developer looking to establish a presence in the luxury home market or for an existing construction company seeking to diversify its offerings. With strong growth potential and several exciting developments, the business is well-positioned for expansion. It benefits from robust systems and processes, along with full control over the design and build process, offering the new owner the potential to scale operations. This could even include the formation of a construction franchise.

**Price**     \$6,300,000
