

New Novus Glass business opportunity

A new Novus Automotive Glass franchise covering East Auckland is now available.

This East Auckland business is part of the worldwide Novus Franchise whose name is synonymous with the service they provide. The brand recognition is off the charts.

There is constant inbound work and the cashflow is second to none. You'll need to establish a workshop, but the territory has known volumes of work (currently serviced in other out-of-area branches) which will be yours, so you're starting with a good volume of work which is expected to grow quickly once you're up and running.

This business has a territory with a large population base as well as several developing residential areas within it.

This Franchise has stood the test of time with success over the last 40+ years.

No industry experience required, and training will be provided. Bring your commercial experience, dedication to service excellence and willingness to succeed and capture the financial rewards this business can deliver.
