

FMCG Home Based Business with Cash Surplus \$190K

Opportunity abounds with this great business model which can be run from anywhere! Expansion areas have been identified with the first being; currently the business caters to the North Island only - the South Island beckons! Secondly, there are multiple facets / branches to the business that are ripe for expansion. No major expenditure is required to widen the capabilities of the business and a big bonus is it can all be run from a home office. FMCG operational knowledge would be very beneficial along with good communication skills and the ability to build relationships would assist a new owner to continue to grow this business. Genuine reasons have unfortunately forced the Vendor to reluctantly sell this business after developing the successful business model 6 years ago. Over this period the cash surplus has steadily grown and we are now seeing a FY2015 cash surplus of \$190,000. Servicing major retail outlets such as Foodstuffs, Progressive Enterprises, Nosh and Farro Fresh where barriers to entry are usually high, the Vendors have worked hard for this envied position. Casual contract staff are in place to assist the new owner. Asking Price: \$587,000. Confidentiality is paramount and we have been instructed by the Vendor to qualify prospective purchasers. To send in a Confidentiality Agreement for listing #1829, please visit
