

Building Block to Success—Realistically Priced

Based in the midst of the home-zone area on the North Shore of Auckland for many years, this profitable well-established, franchised manufacturing and installation business is well set up for someone new to take it to the next level.

Focusing on a wide range of added value made-to-measure home improvement products, a well-planned manufacturing unit based on Lean manufacturing principles supports the continuing increasing sales of this business - which is currently run almost completely under management with 6 staff. The showroom has recently been completely upgraded and is proving conducive to increasing sales of their quality products. The Company now has the framework cemented in that allows it to be more flexible and responsive given the extensive product range and the varied and wide customer base.

There is an obvious opportunity for a single energetic owner, or couple to capitalise on the extensive embedded changes that have been made to this business over the last 3 years to carry it forward to what we have been advised is shaping up to be a *record EBIPTDA year for this business.

The franchise system has been extremely active throughout New Zealand for 55 years and the extensive experience and ongoing support offered to the franchisees ensure that this business can only continue to grow in both sales and rewards.

Shear workload pressures in the owners other business ventures are necessitating they divest this little gem and allow a new owner to take the reins and lead it up to that next level.

Asking price of just \$498,000 including stock, plant and vehicles
