A Swimmably Good Business – Auckland Regions

35 years in Australia & 13 years in NZ, Compass Pools (CP) pride themselves in setting the very highest standards for swimming pools throughout Australasia.

Since 2003, CP have been working their way up through NZ from the South Island – cementing in active & successful dealerships for the CP Brand. Now it is the wider Auckland's turn – 1 region South of the bridge & the other region North of the bridge are available. The Vendors are seeking 2 x competent business people or companies who may already be, or have been, in the industry in some form, who are able to bring CP to the top-of-mind position in the Auckland region. The longevity of CP throughout Australasia cements in the security for the experienced businessperson or company becoming the Dealers for the Auckland Region.

It is expected that the successful applicant should have some previous experience in swimming pool construction, or be an existing building / construction company looking to widen their capabilities. You will be fully trained in all aspects of CP's successful construction systems, operating standards & practices, installation methods, & the secrets to running a very successful region. The support does not stop there, you have full ongoing backup & advice whenever you require it.

What are the benefits?

- This is not a Franchise – there are no on-going Royalties or Fees. You will be an approved Compass Pools authorised Dealer.
- You are associated with 2 very successful companies with over 35 years' experience.
- World leaders in swimming pool design and construction.
- You have the autonomy of running your own successful business.
- You should very much enjoy the financial benefits of being one of the CP Dealers for Auckland.
