## Complete Health Store with Healthy Profit

North Auckland - an independent health shop selling a large range of quality branded products, this store is a one stop shop for natural health supplements, sports nutrition, natural skin care, homeopathic remedies, essential oils & a wide range of superfoods.

Started in 2008, it quickly became the local go to for natural health supplies & advice. The owners have built up an excellent range of products from trusted suppliers, resulting in excellent feedback & word of mouth referrals. The combination of a great product range & quality advice has created a large & loyal customer base, some of whom travel from the city. The shop boasts a prime street location with street frontage & close, free parking.

The natural health industry is enjoying a huge increase in popularity & there is potential to take this business in new directions, or just enjoy it as is. There is a basic website up & running however online shopping is limited & currently counts for less than 2% of the total sales - You could really get this moving!

The shop is currently managed by the 2 part-time owners who spend combined 46 hours/ week in the business without the need for additional staff. With good systems in place, this could be an easy to run business. A degree in naturopathy is not entirely a necessity; however a passion and good knowledge of natural therapies would be an advantage.

Current owners would like to retire & are looking to hand their successful operation over to another enthusiastic like-minded person.
